

# Budgeting Issues?

**Budgets are no fun but a reality of life. We hate seeing great people miss out on great content because of money, so we have ways to help bring down the program fee. On the next page are several ways to bridge the funding gap. Take a look and let's see if we can make this happen!**

## **Video Taping**

**We're always on the hunt for great video to use for promo material. If you can commit to having someone dedicated to video taping the program, this will help bring the program fee down. \$\$\$**

## **DSLR Photos**

**A picture speaks a thousand words. They're also great for promo material. If you can commit to having someone dedicated to taking DSLR photos during the program, this will help bring the program fee down. \$\$\$**

## **3 Year Contract**

**You know what's better than committing to bringing us to campus for one year? Three years! Not only does it lock in our current rate for future years, but we also offer a discount on all three years when contracted together. Don't worry, you can pay for each year during that year's budget cycle. \$\$\$**

## **Split The Bill (Internally)**

**Find another department/group on campus that is interested in co-sponsoring our training. Two budgets are better than one. \$\$\$**

## **Spilt The Bill (Externally)**

**Coordinate other schools or organizations in the area to block book. Having two, or more, programs in the same area around the same time helps bring travel and program costs down. \$\$\$**

## **Video Testimonial**

**We know you'll love us, but if we could get a video of you saying so afterwards on video to use for promo material, that would be even better! It would also help bring the program fee down. \$\$\$**

## **Written Testimonial**

**Pen to paper is the true form of communication and it's helpful for us to see in words what you thought of the program. A written testimonial from you would also help bring the program fee down. \$\$\$**

## **College Success Bulk Book Purchase**

**Did you know we wrote a book on college success > <http://bit.ly/2zgiHG9>. If you buy this book in bulk it would help bring the program fee down based on the follow schedule:**

- Spend \$100 = \$100 off the program fee**
- Spend \$200 = \$200 off the program fee**
- etc. \$\$\$**
